Supplies:

- 3.00mm Crochet Hook
- #3 DK/Light Worsted Yarn in two colors – You can use different types of yarn, just adjust the size of the hook.
- Yarn Needle
- Scissors and Tape (for Graph Assembly)

Abbreviations:

- CH ~ Chain
- SC ~ Single Crochet
- SL ST ~ Slip Stitch
- RS ~ Right Side
- WS ~ Wrong Side
- MC ~ Main Color
- CC ~ Contrast Color
- ST(S) ~ Stitch(es)
- FO ~ Finish Off

You can calculate the approximate yardage needed from the number of squares:

- Green ~ 9699
- Black ~ 1533

Written instructions:

← Row 1 [RS]: (Green) x 1

→ Row 2 [WS]: (Green) x 2

The Graph:

I have divided it into multiple pages so that each square is visible. For me, it is easier to do the C2C with written instructions, but if you like it better, you can do it by counting the squares on the graph. I prefer to look at the charts, just to see where I am and how much I still need to do.

But be careful with assembling the graphs together.

Assembling the Graph:

The graph for this pattern is broken up into multiple pages. You will need to cut out the graph and tape it together to form the full design, making sure to align the rows and columns. Leave the row and column numbers visible on the outer edges of the graph.

Congratulations, the hardest part is over!

Now all you have to do is make a border. It is not necessary, but it gives a pretty finished look.

I have made a Crab stitch around it. It is also called The reverse single crochet.

I always like to start and finish my patterns with one or two rows of the SC in the MC. When you complete the design, it is safe to cut the CC yarn. It will not get loose.

With the MC, you crochet one round of SC all the way around. At the sides, you put one SC in each row, and at the corners, you crochet three SC in the same stitch.

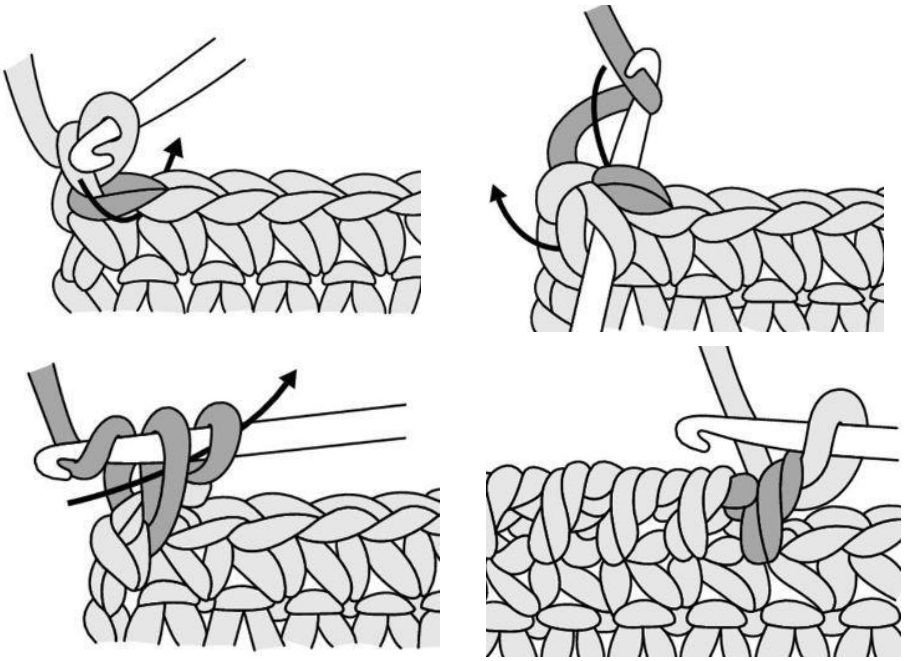
When you come all the way around you SL ST into the first SC, and FO. But only if you want to make the Crab stitch with different color.

The actual mechanics of a reverse single crochet stitch are the same as for a regular single crochet — except in reverse.

Instead of working from right to left, you work from Left to right. It creates a somewhat twisted, rounded edge that's good for making a simple finished edge for your work.

<u>Be sure to have the right side of your work facing you.</u>

- Insert the hook, from front to back, in the next stitch to the right. Yarn over (yo) and draw the yarn through the stitch. (This step is similar to how you work a regular single crochet — only backward.)
- Yarn over and pull the yarn through the two loops on the hook.



One reverse single crochet is complete.

Repeat the preceding steps in each stitch across the row.

To complete your crab stitch border, stop when you've reached the stitch you started in. Instead of adding a crab stitch in that starting stitch, slip stitch into the same stitch you started in.

Cut your yarn and pull through. When you weave in your ends, you'll want to weave the tail through the stitches to the right.

Congratulations you made it!

Thank you very much for using my pattern. I hope you enjoyed crocheting it as much as I enjoyed making it.

If you like my pattern, please, follow my blog – bestofcrochetpatterns.com, I will share free patterns and tips there. You can also join my email list.

Please share your creation with me on Facebook and Instagram (Tag me into the photo @Pretty_things_by_katja). I would love to see it.

Have a beautiful day.

Katja
